

Appointed Intermediary

BECOMING A HEALTHCARE INTERNATIONAL APPOINTED INTERMEDIARY

Whilst there are an increasing wide variety of medical insurance programmes to choose from, providing the right plan for your clients is not always as straightforward as it first seems.

At HealthCare International, we understand the unique and important role played by brokers and intermediaries in advising clients about their health insurance needs and believe strongly in this relationship, so we have created HealthCare International Intermediary Sales especially to help to ensure that you and your clients receive with the very best service available.

Our range of products and ancillary services are ones that we believe stand out in the industry, helping to ensure that you provide your clients with the best possible choice of products with benefits not normally available elsewhere, but still offering great value for money.

Rewarding you for the business that you introduce to HealthCare International is important, so we will agree with you in writing commission terms not only for introducing business, but for each and every renewal for as long as you continue to manage your client's business.

Becoming a HealthCare International Appointed Intermediary is simplicity itself. Complete our straightforward Intermediary Agency Application form (if your form is missing from this information pack, a copy can be easily downloaded from our web site at www.healthcareinternational.com) and forward it to us at:

HealthCare International Global Network Limited,
Intermediary Sales,
160 Brompton Road,
Knightsbridge,
London,
SW3 1HW,
United Kingdom

Alternatively, fax us a copy to Intermediary Sales on +44 (0)20 7590 8815, or email us at brokers@healthcareinternational.com.

Revolutionising International Health Insurance
